Tips to “Spruce Up” your finances

- Review your spending, create a budget and set up automated savings with WEOnline Services.
- Debt is like the clutter in your closet taking up space. Begin with credit cards and tackle those with highest rates first. Then set up goals to keep you on track.
- Spruce up retirement contributions. Getting a tax refund? Set some aside in your WECU share account or open an IRA account.
- Review your tax withholding. Get the most out of your paycheck through out the year without owing money at tax time in 2023.
- Double-check your list of beneficiaries to see if anything has changed in the last year.
- Review insurance needs
- Sow the seeds of your financial future. Whether it's paying down debt or starting a Christmas Club account. Setting financial goals for yourself can help you focus on the things that you want for yourself, family and future.
