### Letter from the President

*"Fall has always been my favorite season. The time when everything bursts with its last beauty, as if nature had been saving up all year for the grand finale" – Lauren DeStafano*

One of the many things I love about Kansas is the fact that we have four very distinct seasons. Fall seems to carry its own magic. The smell of bonfires, the roars that come from the high school stadiums on Friday nights, families flocking to the pumpkin patches. The weather cools, trees show us their majestically vibrant colored leaves, and mother nature unapologetically reminds us that she is in charge as winter approaches. Fall brings change.

As White Eagle Credit Union transitions into the fall, we have a change we will be making. That change has to do with the newsletter you are holding in your hand right now. This will be the last newsletter we print in bulk and include in your quarterly statement. We will continue to produce a digital version available on our website, and will still have a printed version available in the lobbies at each of our locations.

This change serves several purposes. To have this newsletter included with your quarterly statement, we have timelines to meet. For example, I am writing this letter at the end of August. A lot can change between today and the date you are reading this. Secondly, the cost of printing this newsletter continues to increase as does postage. With printing and mailing 15,000 newsletters, those increases become significant. Those are funds we can use to improve your experience, pay better dividends, and more. We enjoy creating this newsletter every quarter, just as we know you enjoy reading it. Unlike the seasons, that will not change.

Summer takes its toll. The sun pulls the water of the April showers and dries the earth. The brightness of the May flowers slowly fade in the summer heat. Then comes Autumn. *"There is something so special in the early leaves drifting from the trees – as if we are all to be allowed a chance to peel, to refresh, to start again."* – Ruth Ahmed

President/CEO
